High-viscosity enamels and lacquers		★	★
Gloss/Semi Gloss acrylics and water based paints			★★
★★ WAGNER recommended    ★ Limited suitability			

## CLICK & PAINT

The spray attachment simply clicks in and out to quickly change paint, refill or clean the gun. Additional spray attachments available. Sold separately.

## THE BENEFITS OF XVLP (EXTRA VOLUME LOW PRESSURE) SPRAYERS

- 60% higher air volume and 30% greater coverage than other low pressure sprayers
- XVLP technology displays a higher atomisation performance.
- The advanced slot nozzle design allows for a more efficient atomisation of highly viscous materials which ultimately gives complete control to the operator.

	<b>FC 4000 18V Cordless Kit</b>	<b>Additional Accessories</b>
Part Number	2455374	XVLP Paint Can Adapter P/N: 2350692
